

Position Title: Operator

Department: Operations

Reports To: Facility Manager

Exemption Status: Non-Exempt

Position Purpose:

The Operator is responsible for the fulfillment of day-to-day duties associated with disposing of RRC-approved oil & gas associated waste entering the landfill site, while collecting and reviewing appropriate paperwork. This position requires a self-motivated individual, capable of processing complex nonhazardous solid waste while adhering to the highest safety standards.

Essential Job Functions: The Operator must be able to perform all of the following duties and responsibilities with or without a reasonable accommodation.

- Monitors waste for signs of unacceptable waste.
- Inspects equipment at start of shift and each start up during shift. Records daily inspection forms.
- Continuously monitors equipment to ensure proper operation and minimum down time. Performs basic troubleshooting.
- Trains or assists in training new employees.
- Follows safety and security procedures; proactively report potentially unsafe conditions.
- Completes Equipment Condition Report and reports any necessary repairs to supervisor.
- Ensures that equipment is cleaned, serviced and stored at the end of each shift.
- Obtains information regarding material entering landfill to properly bill the customer and track the total amount and type of waste entering the landfill.
- Accepts or rejects load based on content and suggests possible alternatives based on personal disposal knowledge, special waste training and type of waste.
- Utilizes scale equipment and POS system to record gross/tare weights and transaction details of incoming waste.
- Provides a receipt to the customer and documents the waste entering the landfill.
- Handles special waste loads by processing required paperwork, and by notifying operations of an incoming special load via a 2-way radio for proper dispatch.
- Balances the daily receipts to ensure accurate record keeping and appropriate billing.
- Answers the telephone and provide general information to callers.
- Accomplishes multiple tasks within established timeframes.
- Identifies and reports problems; gathers needed information to suggest solutions.
- Reports customer and/or supplier problems to management and responds promptly to customer needs.
- Other job-related duties that may reasonably be assigned.

Education/Experience:

The minimum educational background of an applicant to this position is a high school diploma or G.E.D.; one year related experience in equipment operation and/or valid certificate(s) of training, as required, for use of equipment; previous experience working at sites regulated by OSHA. Ideal candidates will have oil and gas industry experience; landfill experience; working knowledge of computers, computer software and computer systems.

In addition, a qualified applicant will have:

- Ability to read, write and speak English concisely.
- Ability to build good working relationships and work as part of a team.
- Ability to work different shifts on a 24/7 operation; including, weekends and holidays on a routine basis.

Knowledge and Competencies:

- Machines/Tools/Equipment – Safely and productively operates machines and/or equipment including, but not limited to, forklift, scraper, motor grader, sweeper, baler, excavator, compactor, bulldozer and/or front end loader; personal protective equipment including, but not limited to, dust mask, ear plugs, gloves, hard hat, safety glasses, work boots, and safety vest; tools including, but not limited to, broom, shovel, tire gauge, water hoses, screwdriver, wrenches and other hand tools.
- Communication -- Effectively conveys information to customer and coworkers; listens to and understands others; gets clarification when necessary; responds informatively to questions; interacts with all levels of organization; presents data effectively; reads and interprets written information.
- Customer Service -- Within reason, does what it takes to meet expectations of internal and external customers; acts in a professional, courteous and cooperative manner towards customers and coworkers.
- Dependable -- Is someone supervisors and coworkers can count on; follows through and does what he/she says he/she will do; shows up for work on time and adheres to the established work schedule.
- Oil and Gas Industry Knowledge -- Knowledge of waste that may or may not be accepted by the landfill.
- Endurance – Sticks with task until it is completed in the most productive and safe manner; works through challenges that come up.
- Ethics – Adheres to the policies and rules set forth by Petro Waste Environmental; does not allow himself/herself or customers to bend the rules or cut corners; is trustworthy and honest.
- Multitasking – Shifts back and forth as needed between two or more activities or customer requests; can do more than one thing during the same time period.
- Record Keeping – Conducts and keeps records regarding financial transactions with customers; records information using assigned forms and computer systems.
- Safety Orientation – Follows and promotes Petro Waste’s safety rules and procedures; recognizes hazards and anticipates danger; does not take inappropriate risks.
- Pride – Feels a sense of self-satisfaction in a “job well done”; makes sure that every little aspect of the overall task is done correctly; strives to achieve all goals.
- Office Equipment – Knowledge of office equipment including but not limited to, computer, phone, fax machine, copier, Microsoft Office including Word and Excel and calculator.

Work Environment:

The Operator will be expected to perform physical activity, such as, climbing into and out of vehicle/equipment, walking and standing on hard surfaces for an extended period of time, climb stairs and ladders, open and close valves, and be able to lift/carry/push/pull up to 50 lbs. Will be regularly exposed to loud machinery, tools, trucks, dust, fumes, odors, solvents, chemicals and have some exposure to hazards and extreme weather conditions. Position may also be required to stand for long periods of time while performing their duties.

The above description is meant to provide an overview/summary of the nature and level of work being performed; it should not be construed as an exhaustive list of all responsibilities, duties and requirements of the job. Petro Waste Environmental reserves the right to modify the content formally or informally, follow any other job-related duties/functions requested by their supervisor. Further, all employment at Petro Waste Environmental is of an at-will nature and, as such, the company reserves its right to terminate any position or employee (with or without notice and with or without cause) within its discretion.
